

Red Devils and Rangers In Spectacular Mix-Up At Wapiti On Saturday Night

As Players Clash There Was A Striking Interweaving Of The Red And The Green. The Players Seemed Mostly Red-Red Devils Won 2-1-For The Rangers Was "Hard Way" Hockey As They Took Four Hours To Make The Trip-Red Devils Showed Speed To Burn.

Showing speed to burn and employing effective combination, the Grande Prairie Red Devils defeated Sexsmith-Clairmont Rangers, 2-1, at the Wapiti rink on Saturday night before 400 fans.

So far as the visitors were concerned, it was "hard way" hockey, as it took them four hours to make the trip in a four-up from Sexsmith. The Rangers were changed at Clairmont, so heavy was the going. On top of this, the Rangers had to travel for two weeks, while the Red Devils had been practising regularly under their coach, Pat Power.

This fact accounts for the one-sided score, which really does not represent the actual play.

There was more than hockey in the night's offering. A few seconds before the end of the second period Cameron and Warner mixed it up and were sent to the cooler.

The final period had gone a few minutes when something happened and the game developed into something that was close to a free-for-all.

As the various groups and individuals tangled there was a nice interweaving of the red and the green. The effect, so far as the fans were concerned, was striking, so far as those engaged in the mix-up were concerned, they saw but one color, and that was red.

Those who are pessimistic about the fighting courage of the British Empire must have been forced to revise their opinion. The incident proved that there is still one white flag.

R. Devils Nose Out Hythe To Win League

Took 35 Minutes Overtime To Decide Winner-Scoring Winning Goal The Luckiest Of A Lucky Victory-Hythe Team Was With The Power-Allan Wright's Brilliant Game For Devils In The Net.

In a sudden death game played at Beaver Lodge on Tuesday night the Red Devils, scored on Hythe in 35 minutes of overtime play to win, 4-3, the League championship.

As the game drew to a close the Rangers on Saturday night last, it was "hard way" hockey for the Red Devils, as they had to be transported in 35 minutes of overtime play to win, 4-3, the League championship.

The game did not start till after 10 o'clock and it was close to 1 o'clock before it ended.

Owing to the fact that it was not decided until the last minute whether or not the Hythe rink was available, the game was able to make the trip, there were not as many at the game as otherwise would have been.

Coach Pat Power, who accompanied the Red Devils, in conversation with the Tribune reporter said that the game was fast and very clean throughout, adding, "The Hythe team were there with plenty of power."

At the end of the first period the score stood 2-1 in favor of the Red Devils.

At the close of the second stanza the score stood 2-2, and at the end of the third period the score was still tied 2-2.

According to the rules, the game had to continue till either scored.

Both teams took the ice in the overtime play in the quiet of the press-box. After no less than 35 minutes had ticked off, Davis, defense man for the Red Devils, shot from centre into the net for the winning goal.

It was the very luckiest of a lucky shot and the game was over.

The Rangers' defence line played in the semi-final for the Utilities Cup. The winner will then play the Red Devils.

Allan Wright, who substituted in for Parrish, who was ill, played a brilliant game and was a major factor in holding down the score of the fast-moving Hythe forward line.

Slime Cunningham was referee and Cameron Hume lineman.

Cockshutt Dealers In Convention At Grande Prairie

Meeting Addressed By W. Williams, Manager At Edmonton; E. B. Bockoc, Sales Supervisor, And T. Clark, Blockman for the Company-Banquet Provided One Of Convention's Highlights.

Wednesday was Cockshutt day in Grande Prairie, it being the date of that company's Dealers' Convention, held annually to keep its dealers in close touch with the policy of the company and the latest models of its machinery.

The convention was held in the Donald Hotel and was addressed by W. Williams, Edmonton manager, and E. B. Bockoc, sales supervisor, and T. Clark, blockman for the company in the Peace River.

Mr. Williams made a general business survey and set forth the company's policy for the incoming year.

Mr. Bockoc, in a most informative talk, covered the mechanical details of the implement business.

Mr. Clark made a most efficient chairman.

The following agents were present: Frank Denis (Cockshutt), Grimshaw; Allan Clark (Cockshutt representative from Herby); W. Williams, T. Clark, Allan Aspel, Pouce Coupe; Charles Kitchen (Cooperative Union); Dawson Creek; Ben Butler, Beaver.

Paddy Croken Says Living At Honolulu Is The Life

Met Several From Alberta At Honolulu-City And Island Described As The Most Delightful Place He Had Ever Seen-Business Conducted Principally By Americans, Canadians And Scotchmen.

With his face nicely tanned, Paddy Croken stepped off Friday's train after a seven-week holiday trip, a good part of which he spent at Honolulu.

Seen by The Tribune reporter, Paddy described Honolulu, the island as wonderful-in fact the most delightful place he had ever seen.

Here flowers were blooming everywhere. "And what trees!" remarked Paddy, who went on to say that the bathing beaches were superb, and thousands daily took advantage of a dip in the sea and a sun bath on the beach.

"While sitting listening to wonderful orchestras playing in the evening when the balmy sea breeze was blowing landward, I said to myself, 'This is the life!'"

Paddy said he took out of the window and saw the deep snow.

Reporter: "How about the cost of living at Honolulu?"

Paddy: "Living is quite cheap, especially if one takes a bus, and a taxi. However, it costs plenty to put up at the better class hotels."

Cab fare is rented at very reasonable rates."

Discussing the business side of Honolulu, Paddy said business was carried on principally by Americans, Canadians and Scotchmen, the work being done by Chinese, Japs, and natives.

Paddy stated that he met several at Honolulu from Alberta, among whom were Mr. and Mrs. A. R. McMillan, who he returned to the same boat, the Empress of Japan, to Victoria, where they will remain for two weeks before returning to Grande Prairie.

Paddy stated further that he had the pleasure of making 100-mile trip on the island, which he described as most delightful.

At Vancouver he visited at the home of Mr. and Mrs. Ben Harner, who were in the city on business.

They wished to be remembered to all their old friends here, especially the members of the Tribune staff.

On the way back Paddy stopped off for a few days at Edmonton and visited the other shore, where he found business excellent.

Both teams took the ice in the overtime play in the quiet of the press-box. After no less than 35 minutes had ticked off, Davis, defense man for the Red Devils, shot from centre into the net for the winning goal.

It was the very luckiest of a lucky shot and the game was over.

The Rangers' defence line played in the semi-final for the Utilities Cup. The winner will then play the Red Devils.

Allan Wright, who substituted in for Parrish, who was ill, played a brilliant game and was a major factor in holding down the score of the fast-moving Hythe forward line.

New Council Gets Away To A Good Start At Its First Meeting On Monday Night

New Council Members Sworn In And Struck Mayor Chosen Seat At West End Of Table In Order That He Be In Position To Look Towards Killarney-Special Meeting Called For Monday Night To Discuss Extension Of Water And Sewer System.

Grande Prairie's new council got away to a good start at its first meeting, held Monday night. All members were present.

In the old council Mayor Tooley always sat at the east end of the table. For some reason, the new Mayor, T. W. Lawlor, chose the west end of the table. Whether Mayor Lawlor has chosen this position in order that his eyes can at all times be turned toward Mecca or Killarney, Manitoba, was not revealed.

The Mayor suggested that everyone try to be on time, in order to facilitate matters and save time.

The new councillors—W. Bentley, J. M. Smart and Mr. Swallow—took the oath. Councillor Charters, whose term was advanced a year, also swore loyalty.

The Mayor, too, signed on the dotted line.

Following the reading and adoption of the minutes of the previous meeting, standing committees were named.

Finance—N. Swallow, J. M. Smart and L. C. Porteous.

Waterworks—Charters, Swallow and Bentley.

Health and Relief—Smart, Charters and Bentley.

Town Hall, Parks and Land—Bentley, Porteous and Watson.

Fire and Light—Watson, Bentley and Charters.

Waterworks—Charters, Swallow and Bentley.

Following the reading and adoption of the minutes of the previous meeting, the Mayor said that he thought copies of the statements of the new councillors from now on, so that they could be better understood.

When the Mayor observed that he wanted to make his clear on relief, a man who is in on the farthest distance, also to largest rural family attending.

At 8:45 special prizes are to be awarded to the winning team. At 8:30 the music will begin at 7:00 and at 7:30 will be costume parade, Young Men vs. Married Men.

Then at 8:00 p.m. comes a parade of the "The Vanishing American," and at 8:30 crowning of the Carnival Queen, draw for the gate money and presentation of school prize.

Interesting News From Sexsmith

Vol. VII. No. 36 By R. A. MACLEOD February 21, 1939

MOTHER OF MRS. F. SUMNER PASSES AWAY AT DUFF, BASK.

Mrs. Frank Sumner received a wire on Sunday telling her of the death of her mother, Mrs. Matthews, who died at her home at Duff, Sask., on Saturday, February 18, at the age of 78.

Last summer there was a family reunion, all the members, including Mrs. Sumner, being present. The occasion was the golden wedding of Mr. and Mrs. Matthews.

The sympathy of the district is extended to Mrs. Sumner in her bereavement.

HEALTH IMPROVED

Mr. John Baduk, son of Mr. Matt Baduk of the Sexsmith district, returned on last Friday's train from the Mayo Institute of Rochester, Minnesota, where he had been for the last three months undergoing medical treatment.

John said that he is feeling O.K. now, the treatment having been a pronounced success.

STOCK TRAIN WELL PATRONIZED

There was quite an exodus on the last stock train from Sexsmith to the lake, George Latwile's destination was Leduc, and Don Innes and H. M. McMillan were on their way to the Capital City on business.

ARRIVALS AT SEXSMITH

Two arrivals from the outside on Friday's train were "Rusty" Black, who had been visiting at Wetaskiwin, and Mrs. J. A. Weicker, who had been in New York for a short time, during which he took in the sight at Madison Square Gardens. Hank stated that Joe Luis came into the ring apparently sure of the outcome, while John Henry looked like a lamb being led to the slaughter, which was just what happened. The Negro artist, known as Harlem were present.

RANGERS DEFEATED BY RED DEVILS SATURDAY NIGHT

And, say, did you hear what the Red Devils of Grande Prairie did to the Rangers last Saturday night? Think of it, eight to one, and a whitewash to last them for a considerable length of time.

We understand the Grande Prairie got a goal in this game that was not counted. This is known as the Law of Compensation. Now you Sexsmith guys, lay off me, as we refuse to be drawn into any more arguments about a disputed goal.

You will have opportunity to read the harrowing details in another column of this paper.

TO SPEAK AT SEXSMITH ON "WORLD AFFAIRS" MARCH 1

The Rev. Leonard McGuire will speak in Sexsmith on Wednesday, March 1, at the Kirsten Hall, at 8:15 p.m. His topic will be "World Affairs and the Christian's Duty." An effort to turn out, as this will be of interest to all.

SEXSMITH RINK WIN GLOVES AT BUFFALO LAKES 'SPIEL

Sexsmith Curling Club was represented at the Buffalo Lakes bonspiel last week by a team consisting of C. Howard, Frank Sumner, Bill Miller, and Mel Sumner. They came second in the consolation game, each being presented with a pair of fur-lined gloves for their efforts.

SNOOKER TOURNAMENT DRAWING TO A CLOSE

The snooker tournament is drawing to a close, with the finals being played tonight (Tuesday) between Bert Balderson and Bob Magee. This has been a very interesting competition throughout, and there was generally a good audience as the play-offs took place. A billiard tournament will be put on very shortly, so you billiard players will have your innings.

TO AFFILIATE WITH PEACE RIVER HORTICULTURAL SOC.

It takes lots of enthusiasm to turn out to a horticultural meeting with over two feet of snow on the ground and during the worst snow storm of the season, but for what? What happened Friday evening last, when a meeting was held in the Town Hall at Sexsmith.

The feeling of the meeting was, that on account of a local improvement program, that a local society should be formed this year, while co-operation with Grande Prairie should continue by supporting their flower show.

It was decided to affiliate with the Peace River Horticultural Association.

The first twenty-five members are to receive a named rose.

A meeting later will elect permanent officials; Mr. Frank Sumner to be president pro tem, and Mr. J. A. Foote to be secretary pro tem.

BOYS ENTERTAINED BY GIRLS AT VALENTINE BOX SOCIAL

GRANDE PRAIRIE, ALBERTA

HIGH PRAIRIE

VALENTINE PARTY

HIGH PRAIRIE, Feb. 21.—On Wednesday evening the Valentine Society was given a most delightful party by Father Gould. St. Paul's Rectory was decorated with red hearts for the occasion.

Laurie Savill, Kenny Paquette and Jimmy Seaton were in charge of the arrangements. Games were played. First prize in monopoly, a fine box of stationery, went to Leonard Paquette; second, Jimmy Nelson; consolation, William Sinclair. Crokinole was won by Bobby Nelson and Henry Assant; second, Laurie Savill and Sullivan Ghoult-keeper. Bingo prize was won by Louis Belcourt and prize for cards by Donald Connors. The heart exchange contest prize was carried away by Leo Assant.

The hospital staff sent beautiful heart-shaped Valentine cakes, containing prizes and fortunes, also a decorative Valentine box filled with delicious fruit.

Mrs. Jas. Nelson kindly assisted in serving a lunch of sandwiches, cakes, and many things pleasant to the palate.

At 8 p.m. singing "For He's a Jolly Good Fellow" and thanking Father Gould for the good time, the boys departed with happy Valentine memories.

BOYS' ALTAR SOCIETY OF ST. PAUL'S

Organized with six members in November, 1934, by Father Gould, the Boys' Society has grown amazingly to a total of 37 members, and is now a well-organized group. Dressed in black, red-trimmed suits, white surplices and black velvet caps, the boys of the altar society are to serve at different services of the church.

Meeting of the society are held every second Sunday and are carried on according to parliamentary rules. The boys select an honorary member. In 1934, E. Van der Kraak, 1935, Adolphus Ghoult-keeper, 1936, Max Vandergaard, 1937, Dick Bricker, 1938, Duncan McIntyre, and 1939, Bertram Connors.

At Christmas time Father Gould presented with a lovely sanctuary song and brass candlesticks from the boys. The boys' choir, under the direction of Leonard Paquette, president; Donald Savill, vice-president; Jimmy Nelson, secretary-treasurer.

YOUNG PEOPLE ENJOY GOOD TIMES

The Young People's Society of Caravan Church held a card party at the home of Mr. and Mrs. J. A. Weicker.

Saturday afternoon another popular card party was held at the home of Mr. and Mrs. J. A. Weicker. Knitting and Mexican children decorated the new pictures, copies of the great masters, mounted on a wall with cellophane and passe partout.

Games of marbles, ninespins, flying Dutchman and other children's games were enjoyed. The children subdued enough to listen to the story of a baby elephant which was brought to the city by a circus. A bountiful lunch of sandwiches, cake and cocoa.

Free view picture frames will be made next week.

HOSPITAL AID DOING GOOD WORK

The Hospital Aid, organized last April with Mrs. Dan Hayden president and Mrs. L. W. Hayden secretary, has been of great help to Providence Hospital.

On January 26 a telephone bridge party was held at the home of Mrs. Medames Corner, Nelson, Landry, Dufresne, and Vandergaard. First prize went to Mrs. Assant; second to Mr. Paquette; raffie of guest towels to Mrs. V. Hauler's.

The Curling Club kindly gave permission for the Aid to have a booth at the hospital for the rest of the year. Proceeds from this booth were applied on the price of a huge lamp for the operating room of the Major American Luminaire.

The Sisters and Aid extend thanks to all high Prairie citizens for their gracious support.

LYMBURN NEWS

PILGRIMAGE TO AND FROM STEEP ROCK DANCE

LYMBURN, Feb. 21.—Despite the rainy weather on Friday, four teams started out for the dance at Steep Rock. The teams were: Mr. and Mrs. J. A. Weicker, Mr. and Mrs. J. A. Weicker, Mr. and Mrs. J. A. Weicker, and Mr. and Mrs. J. A. Weicker.

We arrived there! After we were all thawed out a good time was had by all. The dance was most successful. Proceeds from this booth were applied on the price of a huge lamp for the operating room of the Major American Luminaire.

The Sisters and Aid extend thanks to all high Prairie citizens for their gracious support.

ALBRIGHT NEWS

ALBRIGHT, Feb. 21.—Church service, held at the home of Mrs. J. A. Weicker, was well attended owing to cold weather.

Miss D. Kring, who attended short course at Grande Prairie, reports a good time and good instruction.

Those from Albright who attended the high school dance at Beaver Lodge report a grand time, the moonlight dance, when lights went out, being much preferred.

Mrs. Sexton spent a week-end with Mrs. Halliday at Beaver Lodge.

Sympathy goes out to the Stringer family on their loss by fire. Their home burned February 11.

L. A. TO CELEBRATE TWENTIETH ANNIVERSARY

The Riverside Ladies' Aid of Albright are celebrating their twentieth anniversary in Albright Hall on Wednesday, March 1, at 8 p.m.

The W.A. are especially invited and all friends and neighbors. A request for a midwinter shower for the Stringer family, who lost all by fire, will be held. Household equipment, old and new, of every kind, is acceptable. Everyone is cordially invited—everybody come.

HYTHE NEWS

HYTHE, Feb. 21.—Mr. J. A. Elliott left on Saturday for Edmonton, where he will spend a week or two on business.

Mr. and Mrs. Bert Howlett arrived back on last Tuesday's train from the Calgary district, where they had been on a business trip. They reported having had a lovely outing.

Mr. Charles Inmon left on Friday's train for Lethbridge, to see his brother, Cecil, who is recovering there. We understand Cecil was injured in an accident, but are glad to hear that he is recovering.

Mrs. Sam Inmon and daughter, Phyllis, of Albright, spent the week-end with Miss Graber and Mr. and Mrs. E. Berg.

Miss Margaret Bain was rushed to the hospital on Friday night on Saturday's train. We all wish her a speedy recovery.

VALHALLA CENTRE

VALHALLA CENTRE, Feb. 21.—Mrs. Lynn Boren has taken over the business of serving coffee and lunches. She is open for business at the new location, Second Avenue, second block north of the Rite Shoppe.

Arthur Erickson, who has been visiting friends in this district, is at present staying at the home of Old Loberg. He will return shortly to Grande Prairie to visit his sister, Mrs. Harold Melness, before returning to his home at Bavi, Alberta.

Martin Finnrite left on Friday last to attend the cremery short course at Edmonton. He will be gone about a month.

Mr. N. Hivon, of Alex, Alberta, has arrived to take over the duties of buttermaker at the creamery here.

The Helping Hands will meet at the home of Margaret Turner, on Friday, February 24.

NEWLYWEDS "SHIVAREE"

A shivaree, held at the home of the Hythe-Glass Lake hockey game last Thursday night, was a most successful affair. Mr. and Mrs. Lewis Stickney, after serenading them at length, their personal thanks to the extent of a delightful lunch and a cup of coffee.

STUDENTS RESPONSIBLE FOR BROADCAST

The students of the Lutheran Bible Institute were responsible for the last Lutheran hour broadcast over CFCP on Sunday, March 5.

The broadcast was given by: Doris Wold, Seminary; Helen Evensen, Dawson Seminary; Samson, Sexsmith; Arthur Hallin, Osmond Trydal, Elenor Melness, and Lawrence Telford, all of Valhalla Centre.

MANY AT LUTHER LEAGUE

There was a good attendance at the Lutheran League last Sunday night. The topic for discussion, "Atonement with God," was ably handled by the Rev. Mr. B. B. Stolle. Special musical numbers included a solo by Betty Turner, and a mixed quartet composed of Clara Jerstad, Ellen Melness, Harry Turner and Arthur Hallin. The regular meeting of the League will be March 5.

A quiet home wedding took place in the Poplar Hill district on February 13 when Hilda, daughter of Mr. and Mrs. T. Garberg, became the bride of Mr. Eric Brekaas. Miss Aslaug Brekaas was bridesmaid while Mr. Pete Volien supported the groom. Rev. E. N. Torgerson performed the ceremony. Only relatives were present.

Mr. and Mrs. Eric Brekaas will make their home in the Poplar Hill district. We extend to them our best wishes for a long and happy married life.

HAZELMERE NEWS

PASSING OF MR. J. A. MITCHELL

HAZELMERE, Feb. 18.—It is with regret that we report the passing of Mr. J. A. Mitchell. Although suffering from heart trouble, he seemed to be in good health. He died on Wednesday of this week, when he suffered an attack and passed away Thursday morning.

Mr. Mitchell was one of the early settlers in this district and his passing leaves a vacancy in the fast thinning ranks of the pioneers.

He leaves his wife, and leaves two children—Charles, at home, Ruby (Mrs. Geo. Gave of Grande Prairie), and a daughter, Mrs. J. A. Weicker, an old pioneer, and numerous relatives in the East also survive.

His funeral service was held at Halcourt. Interment was in Halcourt cemetery.

Mr. Bert Delongish has had a well paid with a boring machine and has struck a good flow of water.

Astronomers are divided on the question of whether the planet Mercury has an atmosphere.

FOR NEWS READ THE TRIBUNE

When there is a better newspaper in Grande Prairie it will still be The Tribune.

RIO GRANDE NEWS

RIO GRANDE, Feb. 21.—Congratulations to Mr. and Mrs. Campbell on the birth of a twelve-pound girl.

WHIST DRIVE AND DANCE POSTPONED TO MARCH 3

The B. B. Club held their monthly meeting at the home of Mrs. Willard. Mr. and Mrs. Willard were in attendance. It was decided to postpone their whist drive and dance to March 3, at 8:00 p.m. Whist will start at 9 o'clock sharp and good prizes have been provided and the quilt will be raffied.

The friends of Mr. and Mrs. Carl Connelly turned out and expressed their good wishes in a bang-up dance at the hall on Monday, February 13.

Miss Marguerite Tounsgaard has been spending a lengthy visit at Dan O'Connell's.

The weather, much kind of deserted us for our Valentine dance on the 10th, but those who braved the cold sure report a real lively time.

Mrs. Pearl McArthur spent the week-end at home with her mother.

Miss Smith of Hinton Trail has been spending a few days with Mr. and Mrs. Earl Gage.

Griff Carter has not been so well lately. Hurry up and get better, Griff. We miss you.

Mr. Metcalf has been taken to the hospital on Saturday. We wish him a speedy recovery.

Lawrence Gage is up helping his brother Earl for a few days in the bush.

ODD ITEMS

Ernie turning down an invitation. Mr. Gage had better look to his laurels!

Colin keeping one road open. Mick really stepping. Keep it up, Mick.

The crowd really enjoying the dance at Ernie's home on Saturday. Shorty not at the dance. Which way now, Darcy? Darcy along in time to wake some folks.

Darcy receiving a letter.

HOMESTEAD NEWS

ENJOY WHIST DRIVE IN SPITE OF BAD WEATHER

HOMESTEAD, Feb. 18.—The whist drive held in the Ashdown schoolhouse on Saturday, February 18, was a success, despite the weather and the bad roads. Whist was played by the Ashdown school, and the prize went to Mrs. Alex. Kreitzer, and Mrs. John Hoffman took the consolation prize. A most delicious lunch was served and then the crowd joined in playing whist and dancing until the wee sma' hours.

NEXT WHIST DRIVE FEB. 25

Everyone is looking forward to the next whist drive to be held in the Ashdown school. This will be another whist drive, followed by a dance on Saturday, February 25. Prizes will be awarded. Music will be supplied by the Leo Loberg.

Wyant on his banjo, and invigilating the evening with other guitar or accordion. Everyone is welcome and we wish that ladies would please bring lunch. Don't forget the date, February 25.

A number of men are busy logging at the Anderson mill now. Soon the old saw-blade will be singing the old song.

Ruth Nordhagen is spending a few days at Valhalla Centre.

BELLOY NEWS

BELLOY, Feb. 20.—Mr. A. D. Robertson and Mr. Allen Archibald were in town on business. They were driven to Wanham by team later in the day.

Mr. W. H. Wortman left on Tuesday's train for a few days' stay in Edmonton on business.

Miss Mary Rouleau spent the week-end with her mother in Peoria, returning Monday afternoon.

Belloy was besieged with travellers one day last week when W. C. Pratt, Tom Hain, and W. F. Christie dropped in from the train. They were driven to Wanham by team later in the day.

Mr. and Mrs. D. B. Bolduc, Mr. and Mrs. B. Bolduc, and Mr. and Mrs. Bolduc were dinner guests at the Archibald home last Sunday.

EVENING OF BRIDGE ENJOYED AT WORTHMAN HOME

A very enjoyable evening was spent at the home of Mr. and Mrs. W. H. Wortman last Friday evening when a group of our fair village gathered for an evening session of bridge. Mrs. I. Person came through the evening play with high individual score, while Mr. Wm. Ripley topped off the honors for the evening.

The writer is impressed with the slightly, running a close second to low gains. After a few hours of bridge the hostess served a delightful lunch, after which much fun was had playing "What's in my mind?"

Everyone expressed their pleasure and journeyed home after thoroughly enjoying themselves.

POPS BY "POP"

Joe S. is sort of figuring changing the names of the various cards, for instance, shovels, engagement rings, valentines, and tins. Might be right, but we doubt if that alone will raise the scores. Joe S. has decided never to double another bid as long as she lives. We don't blame her much, because there is always the danger of a redouble.

Dunn the chinook! Pop had to work over an empty tank and barrels, etc., after the weather took a turn colder last Friday night.

Question: Why is a question with the Alberta government to give seed assistance in the Peace River district, after two years of drought? Perhaps someone needs another new car, or something. So long.

Don't forget—The Tribune is best.

PIESTONE CREEK

PIESTONE CREEK, Feb. 21.—

PIESTONE CREEK, Feb. 21.—Mr. and Mrs. Wood, popular young wife of Ed Wood, has been under the weather for some months and is now undergoing treatment in Grande Prairie Municipal Hospital.

Mrs. Wood has gained two pounds during her first week in hospital. This gain, however, is not unusual, as patients per day work out at five and a quarter cents per ounce.

Mr. Ed Wood, who had been doing the cooking at home some time before his wife's admission to hospital, gained a cooking experience with the army in France during the war.

BIG CROWD EXPECTED AT SKI TOURNAMENT

A large crowd is expected for the ski tournament to be held here Saturday afternoon, February 25, commencing at 1:30 p.m. Many well-known professional skiers will compete in what promises to be a spectacle really worth seeing.

The roads have already been snowed by Wes Stokke, with whom arrangements have been made to make the road between Wembley and Piestone Creek suitable for cars.

Dunn the chinook! Pop had to work over an empty tank and barrels, etc., after the weather took a turn colder last Friday night.

Question: Why is a question with the Alberta government to give seed assistance in the Peace River district, after two years of drought? Perhaps someone needs another new car, or something. So long.

Don't forget—The Tribune is best.

MANY ATTEND RATEPAYERS' MEETING

A good crowd turned out for the annual ratepayers' meeting on Saturday last, when Mr. Harry Hodgson was re-elected as trustee by a small margin. Mr. Carl Brooks was the opposition.

A constitutional discussion took place when a resolution was brought forward by the Southerners to move the school site farther south. Ratepayers from the north were unprepared for any such move and made vigorous protest. Mr. Carl Brooks was elected and they were of the opinion that the Southerners were endeavoring to "take over" the school.

Ratepayers from the south were numerically superior at the meeting, but the fair-play and good sportsmanship prevailed with the resolution.

The next move was made by the northern group, who prepared and presented to the Divisional School Board a petition, signed by 26 persons, requesting that the board build a school on an approved site to the north.

The sequel: A meeting of the shareholders of Piestone House school was held here today and attended by ratepayers from the south. It was decided to move the school farther south. A location close to the store has been suggested, so that children attending school may have the use of the adjacent stables for their ponies.

DRAMATIC SOCIETY MEETING

A meeting of the Dramatic Society took place last week, when the question of costumes for the play to be produced was discussed. Mr. Tim Marley, one of the leading bachelors in the course of his remarks called for suggestions to raise funds for costumes. If myself said Tim believe that we should produce a cabaret show and beauty chorus. This would, I feel certain, be very popular and the question of dresses would be solved, for practically no costumes would be required.

LEADING STORES KEEP TELLING THE PUBLIC WHAT THEY HAVE FOR SALE

The Sarnia Canadian-Observer says if you go into almost any community and find this thing or that, it is not properly advertised. Three to five corners so consistently that people cannot tell what is being sold. But let us observe this means of reaching out to growth. If they want to reach the public, let them tell the public what they are selling.

Pat-fallid mice store up their winter's supply of body fat in their tails.

CORNERS

"As we go out walking, we bound to come at last to a corner blotting out the road and that corner, or passed before we see the new road and get upon our way. We're always finding corners, we're moving them every day. Corners that hide the view from us and block the road ahead, corners that sometimes bring us a little fear as we pass. But if we take them boldly, if we march along head high, we need not fear the corner, nor try to pass them by. For, if we're on the right road, and if we've commensurate, we shall not need to tremble, nor feel strung up and tense, at the thought of some ground, for waiting in the unknown new adventures will be found. New chances, opportunities, new friends, new hopes, new ways—something to add to life's great story, to glorify our days."

SCIENCE TO THE RESCUE

Dear Mr. Editor:

I have been greatly interested in the articles on Technocracy appearing in your column lately. The general rule the wild ravings of the sponsors of \$200 every month, \$300 every Thursday, the transcendence promises and vote-seeking calisthenics of politicians are the mealy-mouthed platitudes of religionists, one and all "trickle through my head like water through a sieve." However, I read an account of the first lecture on Technocracy by Howard Scott in the Edmonton Bulletin some months ago. I was greatly impressed and as usual my poetic mind recalled a "simile".

"Who is this—and what is here? And in the lighted place near And the sounds of royal cheer And they crossed themselves And they crossed themselves And they crossed themselves"

All the knights of Camelot."

Is this really the first faint notes of the death knell of Capitalism? "Death knell" is hardly appropriate either. The speaker, speaking from the broader viewpoint of the supreme, calm, logical, and unimpaired mind of a technocrat, is not vindictive against Capitalism as such but against the view it is a direct and natural outgrowth of human selfishness in general—and the greed for the body of a diseased and outmoded social order. I hope there are many who read this enlightening article but to those who did not I would say, without entering into a lengthy review, that Howard Scott is a man of statistical and relentlessly logical analysis, proved, beyond any shadow of doubt, to be a man of the world—due to the great gifts of science in the modern age, the power and all other advantages can be made to produce not only necessities of life but everything either in the way of conveniences or luxuries, which man may desire, and place them in the reach of the poor to the advantage of all and the disadvantage of none.

There are no bad feelings whatsoever against the capitalist personally. He will be able to enjoy life to the same extent as the humblest man in the street.

This has been my own creed for years. However, do not have a particular conceit on that account, for this should be equally apparent to anyone who uses his head for anything other than a hat-rack. Well, that part is eminently clear. Just how the Technocrat intends to do about putting their ideas into execution is not so apparent.

I was struck with the article referred to that I wrote a letter of appreciation to the "Technocrat" in Edmonton. I received by return mail a letter of appreciation from the "Technocrat" in return.

I wrote in reply that, much as I felt in sympathy with the cause and anxious as I was to become a member, the fee of five dollars required was at that time, for me, a formidable barrier. I, however, however, intimated that I would, whenever opportunity offered, and made a few suggestions, among them was the idea of a "Technocrat" should be made to make it possible for Howard Scott to visit Grande Prairie, if possible, and never heard further from them.

Now, much as I realize that for any organization to carry on, to carry on, a contribution fund is absolutely necessary, still I could not help thinking the fee of five dollars rather high—and the fact that not expressing my dissent, I appeared to take no further interest in me, fostered the tiny seed of discontent in the membership fee of five dollars the most important consideration.

Now, really, I do not want to believe this, and I try hard not to, and after reading of the lectures in Grande Prairie I feel that I have revived. I am sorry that living so far away I am unable to attend these lectures. I would like to read of the more practical side of the great idea is discussed, how the five dollar membership fee is necessary and how it is used. I would like to hear how the Technocrat and the constant reiteration of the fallacy of "poverty in the midst of plenty" that should not be apparent to all. It should not be necessary to keep telling the algebra class that two and two do not make five, would like to hear more of how it is proposed to bring about this Utopia. I think it will be necessary also while telling how it is to be accomplished, to preach the gospel of true conscience as advocated by Shakespeare.

"To think one self be true"—for Utopia—and Utopia is possible—cannot be built on a foundation of SELFISHNESS and greed. The technocrat who can be made to see the truth and light of this great but simple doctrine will be content and pleased to hand over his excess wealth, for he will realize that in spite of all his pre-conceived ideas that he is NOT a social man; that he owes the accumulation of wealth directly or indirectly to the help of his fellow men.

"The brotherhood of man," "The millennium," "A heaven on earth," "Technocracy" lay the cornerstone.

I see the first faint glimmer of a ray of hope.

"He's a good divine who follows his own instructions."

"The devil can quote Scripture for his purposes."

No, no, you may proceed, whether or no you may consider the above phrases applicable. I will now venture some undecipherable habits, of undesirable habits. Those of us who can conscientiously admit this have taken the first long step towards the way of salvation; for we must first make candid admission of our bad habits before we can hope to overcome them. You have probably heard it constantly repeated that will power in this case is of vital importance. I venture to contradict this in part by saying that will power is only secondary; and here I will make another admission by saying that I myself am very deficient in will power, although, and in spite of which, I have succeeded in overcoming several undesirable habits. I would say that one of the greatest, if not the greatest, weakness in our hands is that of sound common sense. And now my cynical critics might say, "How can common sense be applied to being, at least, as well endowed with this virtue as the average man?" Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

seems to me like a mechanical doll. If I make a joke remark she'll inevitably throw back her head, half close her eyes, and grin, just as if I had pressed a button.

"All such unconscious nervous actions are forced upon you by the habit and break the rhythm of polite deportment."

"You may ever have the experience of hearing your own voice and realizing after you had spoken that close resemblance to high or low or the shrillness of habit."

Let us find ourselves for the conflict and decide to throw off some of the shackles of habit."

BEAUTIFUL NONSENSE

I don't know if this title, conceived on the spur of the moment, is a very appropriate one especially following, as it does, on the heels of an article extolling the virtues of common sense; but those of you who have delighted in the pages of "Alice in Wonderland" will understand what I mean.

What is the charm lying behind such seeming nonsense as in the story of "Alice," "The Owl and the Pussy Cat," etc.? Is it really nonsense? It is too great a theme to discuss here.

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

How can common sense be applied to being, at least, as well endowed with this virtue as the average man?"

Well, no, and even at the risk of being thought conceited, I will claim you are deficient in that, too."

AMLIE DEFENDS STAND AGAIN

Once more cross-examined by a United States Senate committee conducting hearings on his nomination by President Roosevelt as a member of the Interstate Commerce Commission, Thomas R. Amlie, a Washington Progressive, defends his economic and political beliefs and talks to Senator Warren Austin (right) of Vermont, in this picture. Amlie, denying he was ever a Communist, told the committee his first interest had been in preventing a system of Fascism in the United States. Amlie conceded his doctrine led to "collectivism."

BRITAIN'S A.F.P. STAGES RECRUITING DRIVE AT SOCCER MATCH

Members of one of Britain's Auxiliary Fire Brigade Services parade before the spectators at the Tottenham-West Bromwich soccer game at Tottenham on a recruiting drive. This is one of the voluntary services which the British government has created as an important part of the defense program.

TWO DIED IN THIS CRASH

Two men were killed when a rebuilt, second-hand plane went into a power line and buckled a wing 2,000 feet in the air over Calumet City, Illinois. Here's the scattered wreckage of the plane.

NEW MINISTER

Major Sir Reginald Hugh Dorman-Smith, who succeeds Mr. W. S. Morrison as British Minister of Agriculture. Sir Reginald, who is thirty-nine, is the second youngest cabinet minister.

It took Holland 50 years to recover completely from the green tulip mania of the 17th century, during which the speculators paid as high as \$2,500 for a single tulip bulb.

Italian poultry vendors never deal in other meats. They sell the rooster combs separately.

It has been estimated that 25 miles underground the earth's temperature is 2,000 degrees Fahrenheit—more than enough to melt metals or rock.

A Hamburg, Germany, resident collects bus and street car tickets as a hobby. The collection contains 25,000 such tickets, the oldest of which having been issued in Turin in 1887.

There are 950 motion picture theatres in the Dominion of Canada, an average of one theatre for every 11,500 of the population.

"And now, ladies and gentlemen, I come to the last part of my speech."
—Sondageche Blis, Sweden.

BRITAIN MANUFACTURES LARGE NUMBER OF BREN GUNS

This photograph shows Mr. Hore-Belisha, British War Minister, examining a batch of new Bren guns which have just been made in one of the factories near London.

ZOOM!

Lieut. Troy Keith, who is believed to have set a new unofficial speed record while flying his plane over Shreveport, Louisiana, at an estimated speed of about 670 miles per hour. Although the plane buckled one of its wings during a dive, Lieut. Keith landed the ship safely.

JACK THE HANDY MAN

The British Jack Tar is called upon to play many roles apart from those of an able-bodied seaman, and above one of them is seen acting as nursemaid to young refugees on board H.M.S. Devonshire being evacuated from Barcelona.

"I'm sorry, Charlie, but we had a similar act last season."
—Das illustrierte Blatt.

Farm Problems..

(Continued from Page One) — pheasants, geese, ducks and other game birds are causing the same trouble in humans.

Mr. Scott then turned his attention to the cattle market. He said that there has been a fairly steady reduction in the number of cattle across Canada the past two years.

Fewer cattle are being fed in the East but more in the West.

Talking on the hog industry, Mr. Scott said that hog production had been reduced of late and it was his opinion that both cattle and hog prices should be quite satisfactory for some time to come.

The speaker pointed out that cattle shipped to the United States to go on farms had to stand the test before being allowed to enter. Under the act the Dominion government does the testing and the farmers are not called upon to pay.

Mr. Scott said that the provincial government is creating 7.5 free areas in sections where 66 per cent of the farmers sign a petition asking for same.

The speaker referred briefly to the recent organization of agricultural groups in Saskatchewan and southern Alberta, under which farmers discuss their own troubles and try to find a way out of their difficulties.

The speaker also mentioned the establishment of similar groups in this area.

Discussing shipment of live stock from the Peace River, Mr. Scott said that only 20 per cent of the cattle were in the two top grades and 80 per cent were in the lower grades in 1937. In the hog division rail grading was topping the old system. There was a decided improvement in the type of hogs produced in the Peace River, but there were still too many grading butchers.

Mr. Scott advised construction of brooder houses so that sows could be farrowed in the off-season.

In answer to a question, Mr. Scott said all hogs, whether on the rail or otherwise, were graded by government graders.

Mr. Longman

O. S. Longman, Provincial Field Crops Commissioner, dealt very fully with the problem of soil erosion. He said wind and water were the chief enemies of the farmer. Wind is the absolute basis of all prosperity, and its welfare must be safeguarded by every means at the farmer's disposal.

Eight million acres of the southern and eastern portion of the province, he stated, are now classified as unfit for agricultural settlement. Within this extensive area one might say that in twenty years there had been thirteen crop failures. While such crop losses were disastrous, the real tragedy was the loss of human effort.

The history of all agricultural areas was much the same, and where tillage practices and overgrazing had gone to extremes the areas had been made deserts.

By saying that in our own area of drifting and erosion an appalling lack of the sense of stewardship was apparent. The land was loaded with a mountain of debt, which would be handed on to the rising generation, and they would have only depleted soil resources with which to meet such a debt burden.

Mr. Longman appealed to all Peace River farmers to wait until they were forced to adopt preventive measures against erosion—now was the time to limit agricultural practices that would forestall such losses.

By means of slides, Mr. Longman emphasized the importance of such preventive measures as adopted in the northwestern states, where millions must now be spent to safeguard farming lands from the erosion menace.

He next dealt with the possible infestation from grasshoppers, which entomologists advised might be expected in this district next spring. While there was no necessity for serious alarm, everyone should feel it their duty to keep a close watch for an outbreak. The hoppers are the roadside species, which can be controlled by the timely spreading of poison bait along road allowances and strips of sod adjacent to grain fields as soon as the young hoppers were observed to be active.

In discussing seed markets for field inspected supplies, Mr. Longman pointed out that a record production of this class of seed had taken place in 1938 in practically all sections of the grain producing area of Alberta. Marketing must depend on local absorption by farmers who required a better quality of seed.

A number of different agencies, such as seed growers' associations, elevator companies and government seed departments were doing everything possible to advance and urge the purchase of registered and certified seed supplies at present available. Further price adjustments might be necessary in order to dispose of the amounts held by growers.

Mr. DeLong

Illustrating an excellent lecture on the establishment of forage crops in the farm rotation, George DeLong of the Lacombe Experimental Farm dealt extensively with the forage work being carried on at that institution.

He pointed out that, apart from the need for experimental data on the suitability of various forage crops, the Experimental Farm had a definite need for a large supply of both fodder and pasture for the live stock under their care. This need had put forage production at the top of the list of practical business.

In order to provide a balanced ration, grass and legume mixtures were necessary. A number of cases annual crops such as oats and rye were included in the mixture. A mixture would come more easily, and there was less likelihood of bloating in live stock than when grass or clover was used alone.

A point of special interest to many was the fact that many of the live stock at Lacombe make their most successful growth if seeded between the first of June and August. This was the added advantage of eliminating much of the danger from early cutworms, and allowing the destruction of weed growth before the forage crop is seeded. Tame grass made decidedly better forage than native pasture, and the legume crop improved soil fertility. Resultant grain yields were much higher in every case, providing, of course, that rainfall was sufficient.

Cockshutt

(Continued from Page One) —

Lodge: Herb Cook, Wembley; Adjutor: Garth; Donnelly; Alex. Perry, Spirit River; Herb Kay, High Prairie; George O'Hara, Woking. Blocked roads prevented other agents from being present.

The Banquet

At 7 o'clock the agents and a few guests sat down to a delectable banquet in the dining room of the Grande Prairie Hotel.

T. W. Clark, who made an excellent master of ceremonies, welcomed the officials of the company and the agents.

He then called upon C. M. Berry for a speech. Mr. Berry told the story instead at the end of which the parrot which was in the room spoke the words, "Me too, Polly," which capped the speech.

Mr. Williams, who was the next speaker, said that he had been told that they were forced to adopt preventive measures against erosion—now was the time to limit agricultural practices that would forestall such losses.

By means of slides, Mr. Longman emphasized the importance of such preventive measures as adopted in the northwestern states, where millions must now be spent to safeguard farming lands from the erosion menace.

He next dealt with the possible infestation from grasshoppers, which entomologists advised might be expected in this district next spring. While there was no necessity for serious alarm, everyone should feel it their duty to keep a close watch for an outbreak. The hoppers are the roadside species, which can be controlled by the timely spreading of poison bait along road allowances and strips of sod adjacent to grain fields as soon as the young hoppers were observed to be active.

organization had come to the fore again with a "speed" killer.

Mr. Williams in closing said that he hoped to make at least one more trip to the Peace River this year.

Mr. Bockel thanked the agents for their splendid support in spite of a short crop, and he promised that the head office would do all in its power to help them put over the year's business.

J. B. Yule responded to the toast "The Press," and also proposed a toast to the officials and dealers.

The program was punctuated with a great hit by Bert Churchill at the piano.

Frank Donis (Mussolini) made a great hit, to which he gave all the frills and gestures necessary to such a song.

In closing the most successful evening, Mr. Clark said that it was a "You're tough bunch, but I like you just the same."

CRYSTAL CREEK

"The time has come," the Walrus

"To talk of many things:

Of shoes—and ships—and sealing-

Of cabbages—and kings—

And why the sea is boiling-hot—

And whether pigs have wings—

—Lewis Carroll.

FIRESIDERS MISSED SOMETHING

CRYSTAL CREEK, Feb. 21.—

Those of you who stayed at home by the fireside last Friday don't know what you missed—in more ways than one.

For one thing you missed the dance in the Crystal Creek hall. All that was lacking was a few more people to make a better, bigger dance. There was a lot of good music going on, and a lot of good dancing.

A-begging for more dancers.

The dance was a very interesting one, and provided the music for the dance, and Mr. Alex. Atkinson was floor manager.

E. Bates was in charge of the dance.

Many of the dancers became stand-still at the end of the night, owing to the storm, which made the roads treacherous for night travelling.

So, after all, perhaps you were better off at home!

A COURT WHIST DRIVE

Once again let us remind you that the hall on Saturday, February 23,

Admission will be 25 cents for the men, and ladies bring lunch.

WHAT NEXT?

Some of the boys of Crystal Creek put their heads together at the last dance and decided that they would throw a "free" dance in the hall on Friday, March 3.

They are now looking for a number of them can play instruments of some kind.

They are also looking for a band to play for the night.

It should be a lot of fun, so come along and patronize the boys. The dance will be absolutely free.

The boys make it that the "ladies bring lunch."

"THE IRISH LINEN PEDDLER"

On Saturday, March 11, there will be a program in the hall. One of the main items of the program will be a half-hour play entitled "The Irish Linen Peddler."

There will also be a number of short two Negro dialogues, entitled "Two Coots in a Wreck" and "Mush and Puke—Detectives."

Besides this there will be two or three songs and a recitation. Lunch will be served at the end of the program. There will be no charge, but a collection will be taken to pay expenses.

Remember the date: Saturday, March 11. Everyone is welcome.

Mrs. Clarence Raison was on the sick list for last week, but she is feeling much better now.

TWO RIVERS

TWO RIVERS, Feb. 20.—The Two Rivers school children enjoyed their Valentine party. Guests were: Mickey

Perdue, Norman and Doreen Lock, Jim MacKay, Ruby, Eddie and Mrs. Rutledge.

Mrs. Jack Ray and family visited at L. Lock's on Friday.

Mrs. Les. Harris, Joan and Neil spent Wednesday afternoon at Longson's.

Ben Cleland is putting up ice. Carson, Roy and Art Hall are helping.

Moy and F. Brewer stopped at Jim Dixon's for lunch on Saturday.

We noticed fifteen farmers from Two Rivers at Seed Growers' meeting in Beaver Lodge.

Rev. Geo. A. Chisholm held service at McNab's last Sunday. There was a good attendance.

Local and General

The following from Wembley were visitors in Grande Prairie between Friday, March 17, and Saturday, March 18, a boy.

To Mr. and Mrs. W. I. O'Dell, Grande Prairie, February 21, a boy.

To Mr. and Mrs. Fred Barbeau, Grande Prairie, February 22, a girl.

To Mr. and Mrs. Rudolph Ciesler, Peace River, February 22, a boy.

Rev. C. E. Fisher of Forbes Presbyterian Church, Grande Prairie, will be in charge of the service in Flying Ship next Sunday, 3 p.m.

Archie Robertson and Allan Archibald of Belloy were week-end visitors.

Mrs. Mary Burrows of Sexsmith left on Tuesday's train, en route to Edmonton and other points.

Mrs. Ira Card left on Tuesday's train to visit at Edmonton and other points.

W. H. Blatchford of the Board of Grain Commissioners, Calgary, was a passenger on Tuesday's train, en route to Beaver Lodge to investigate a complaint.

Mr. and Mrs. G. B. Howlett and little son were passengers on Friday's train, en route home from a seven weeks' trip to the outside.

L. Martel of North Kleskun is a business visitor in Grande Prairie this week.

Mary Graham of East Kleskun took the train from Grande Prairie on Monday for Edmonton.

John Lund, driver of the Guardian Oil Company, who spent several days at Grande Prairie, left on Friday's train for Edmonton.

Jack Pratt, who for the past three years lived in New Guinea, is visiting his sister, Mrs. Paul Power.

By The Gleaner

The W. A. of Christ Church will meet at the home of Mrs. Mel Rodacker on Wednesday, March 1, at 3 p.m.

The Women's Missionary Association of St. Paul's United Church will meet at the home of Mrs. L. J. J. on Wednesday, March 1, at 3 p.m.

The regular monthly meeting of the Grande Prairie Women's Institute will be held at the home of M. J. Saward on Thursday, March 2, at 8 p.m.

Miss Gertrude Brown of Kleskun Hill came into Grande Prairie on Wednesday to spend a few days with Miss Evered.

Mrs. Bert Summers of Beaver Lodge is the between-trains guest of Mrs. G. Chard.

The Senior C.W.L. met at the home of Mrs. Tounsgant on Tuesday evening. After the business meeting Father Naphin gave a very interesting talk on good reading and study clubs.

The Junior C.W.L. had such an enjoyable meeting last Thursday evening when games were played and a general quiz held, and some of the girls entertained those who were at play practice with vocal and piano-forte solos—that it was decided to hold another meeting this Friday evening, when the Study Club will "do its stuff." Prize winners in games contests last week were Margaret Spicer, Frances Ludington and Kathleen Crummy. The girls served a delicious lunch to guests, to those in the hall, on March 17th, play, and to each other.

Mrs. Tanner Staples (nee Aileen Chard) leaves tomorrow morning to join her husband in Edmonton, where they will make their future home.

Many young people are busy and thrilled going and going to faraway parties for Miss Margaret Dalgleish, who has been transferred to the Calgary branch of the Bank of Montreal and expects to leave Grande Prairie next week.

Miss Olive Wishart entertained at bridge at the home of her parents, Mr. and Mrs. D. Wishart, on Wednesday night in honor of Mrs. Bert Tanner of Beaver Lodge and Mrs. Tanner Staples, who is leaving shortly for Edmonton. Honors were won by Mrs. Staples.

Children who get a good deal of sunshine here in the winter are children who live where there is only snow on the ground. Judging by a study of 94,000 boys.

A deer ordinarily sheds its antlers during the breeding season.

BORN AT MUNICIPAL HOSPITAL

To Mr. and Mrs. Russel Stewart, Grande Prairie, February 17, a girl.

To Mr. and Mrs. Peter McNeill, Wembley, February 18, a boy.

To Mr. and Mrs. R. W. Grimm, Spirit River, February 18, a girl.

To Mr. and Mrs. W. I. O'Dell, Grande Prairie, February 21, a boy.

To Mr. and Mrs. Fred Barbeau, Grande Prairie, February 22, a girl.

To Mr. and Mrs. Rudolph Ciesler, Peace River, February 22, a boy.

C.G.I.T. HOLD MEETING

After two postponed meetings the Senior C.G.I.T. met in the basement of St. Paul's United Church on February 15. Vice-President Maxine Welling opened the meeting. Minutes were read and adopted. A new project was discussed and it was finally decided to take "Etiquette." Marie Henning moved the business meeting adjourn.

Miss Huston gave another personality test. She then read an article on "Etiquette." Meeting closed by singing "Taps."

U.F.A.-U.F.W.A. MEETING

A meeting of the Clairmont U.F.A. and the Wellington U.F.W.A. will be held Friday, March 3, at the home of Mr. and Mrs. Callister of Clairmont, at 2 p.m. Important business will come before the meeting. Everybody welcome.

Here and There

Leut. Marshall Cleland of Toronto, will be judge of the first of the Horse Show to be held April 28.

Prime Minister Chamberlain told the House of Commons he is unable to contemplate a visit to the President Roosevelt in Washington.

The new United States civil aeronautics authority is planning establishment of five powerful radio stations to make commercial flying across the Atlantic much safer.

Right to give Hindu women the right to sue for divorce—the first of its kind in Indian history—will be introduced in the Indian central assembly it was announced.

Premier Aherbach announced government approval of the claim of Medicine Hat for federal financial assistance in development of an irrigation project in the Medicine Hat area.

The United States government will discontinue the policy of subsidizing proposed Japanese corporations designed to develop forestry, commerce and agriculture in China, officials indicated.

Photograph of a British plane with a light on its tail, was explained the aircraft was for the Latvian army. Finnish planes for two years also have used the swastika.

James Didd, Seattle, was sentenced to 12 months in jail and fined \$2500 on conviction of passing counterfeit "Evan" labels from goods sold in his store, contrary to customs regulations.

Funds to be used for empire settlement for the current financial year on convention of the House of Commons.

HOUSE CAFETERIA AT OTTAWA CANNOT KEEP TRACK, SPOONS

One of the minor mysteries about the Parliament Buildings at Ottawa has to do with teaspoons, says the Toronto Telegram. The House cafeteria finds it a serious problem. Each session is started out by the lunch room with a shiny new supply of spoons. Almost from the opening day, the spoons are missing.

This year, 250 new spoons were purchased. Today, patrons of the cafeteria, unlike the Parliament restaurant, is open to all civil servants as well as members and officials, often find none available.

The explanation seems to lie in the fact that it is to the cafeteria that members and others send when they desire refreshments serving in their offices. A teaspoon seems to be a handy thing to keep around an office.

Tell and Sell with a Tribune Advt

A. R. CARTER, Optometrist of Edmonton, will make his next regular visit to RYECROFT Hotel Mon., March 6th, until noon only. SPIRIT RIVER Hotel Mon. March 6th, afternoon. BEAVER LODGE Hotel Wed. March 8th, 9:30 a.m. POUCO COUPE Hotel Fri. March 10th, 10 a.m. SON CREEK Sat. March 11th only. SEXSMITH Drug Store Mon., March 13th ONLY.

Red Devils ...

(Continued from Page One) — their new uniforms, green and white. Whether this had anything to do with the rumour will probably never be known.

The Red Devils put on the power from the beginning of the first period and found the hemp for three perfectly successful goals. The first was a fast one on a pass from Turner. Varner, a new man, finished off an attack by bulging the hemp.

The visitors had their fair share of the play, but many of their shots were wide. On top of this, Parrish was playing airtight goal-minding.

There was no let-up in the pace and the second period got away to a fast clip. Three down, the Rangers worked like beavers to pull up even. Despite their efforts, after the game had gone about three minutes Roy Wright soloed down one side and scored.

Then the Rangers have a turn. Bushy and sharp shoots, but Parrish was in the way.

Again the Red Devils break away and turn in scores on a pass from Roy Wright.

The Rangers press. Rusty Black passes to Bushy Brown, who finds the net.

A little later Dennis Law counts on an assist from Roy Wright.

Undismayed by being five down, the Rangers put everything they had into the game and fought with dogged determination from the beginning of the third period. Then, as previously stated, something happened and the game seemed to explode.

On the resumption of play Roy Wright and Turner each scored a goal for the Red Devils.

While the visitors had the better of the going in the last minutes of the game and had the puck in the locals' back section for the better part of the time, due to brilliant work on the part of Parrish and his strong defense work, they simply couldn't add to their score. Special mention should be made of the play of young Bob Shaw of the Rangers in the dying minutes of the game.

Rangers goalie Fred Anderson, defense, Walter Callister, George Cameron and "Reg" Ireland; forwards, "Bud" Ireland, Roy Wright, Nixon, Stan Warren, Rusty Black, Bob Shaw and Buster Brown.

Grande Prairie—Goal: Parrish; defense, R. Shonts, A. Wright, R. Davis; forwards, C. Turner, Dennis Law, R. Wright, Dan Spicer, Frank Edmundson, and S. Warner.

Referee was referee and Charlie Stojan line-man.

Following the game the two teams had a laughing and joking about the "big battle." So all is well that ends well.

THE WORLD OF WHEAT

By H. G. L. Strang

Director, Research Dept., Searle Grain Company, Ltd.

The continuation of the present 80 cent per bushel guarantee for wheat on a basis of 1 Northern Fort William, is the recommendation finally made to the Dominion government by the Bracken conference.

The conference also requested the government to consider the problem of those producers who at times suffered from small or no yields.

Two objections have been raised in eastern Canada to the present 80 cent guarantee. First that it will lead to an increase in wheat acreage.

Secondly, that 80 million dollars, which may be the cost of the plan, is a lot of money. I draw attention, however, to the fact that the cost of the West have been paying for many years a bonus in the form of tariff protection of between 40 and 50 million dollars each year, to the manufacturers, mainly in the East.

It is not, therefore, suggest, unfair for western farmers, in their hour of extreme need, to ask for some compensation for the bonus they have paid to industry for so many years past.

Following factors have tended to raise prices: Spain purchases Argentine wheat—Frosts result in extensive damage to Belgian wheat—Roumanian grain exports to Britain hindered by suspension of free currency dealings by Roumanian banks—Continued wet weather delays reseedings in France—Decline in 1938 Chinese rice exports.

Following factors have tended to lower prices: Argentine corn crop showing benefit of rains—Final official estimate confirms large French wheat crop—China harvests large rice crop—Abundant world wheat supplies and good quantities in nearby positions—Argentina in possession of substantial barley surplus—Fine weather in Algeria generally favorable for agricultural work.

Sexsmith Rink Defeats Clairmont For Hugh Allen Cup

CLAIRMONT, Feb. 21.—A rink from Sexsmith who braved the storm invaded Clairmont last week and were successful in winning the Hugh Allen Challenge Cup. During the fourteen ends played some excellent curling was shown by the victors.

Sexsmith—J. Walsh, Fred McNeill, Pat Graham and Vic Spicer.

Clairmont—R. A. Trout, L. Bayhen, L. Sheehan and J. Sheehan.

OTHER CLAIMANT NEWS

Reg Lee, who was station agent here for the past eight months, has been transferred to McLennan, Glen Kelly, who was attached to the McLennan station, has taken his place. Mr. Lee carries with him the best wishes of the community, who also welcome the new agent.

J. Domonic, auditor for the N.A.R., was business visitor to Clairmont for a few days.

SEEN AND HEARD

Tom and Teley Corlett in town on a shopping tour.

Larry sharpening his rocks before going to Spirit River to compete in the bonspiel there.

Mrs. Rudy seen chatting with a friend on Clairmont's main thoroughfare.

Peggy and Ann skipping a rink. Men curlers are asked to take notice.

CLASSIFIED

First insertion, 2 cents per word; each consecutive insertion, 1 cent per word. Minimum total charge, 10 days, 60c.

FOR SALE—Second-hand 20-run drill, 14-inch gang, 3 sections spring-tooth harrow, new fanning machine, 1000 lbs. capacity, 400 bushel. Vern Goff, Glen Leslie.

WHEAT FOR SALE—222, certified germing, 85% test, 10 days, 60c bushel. Vern Goff, Glen Leslie.

FOR SALE—Dual purpose grade cow. Freshened February 20. C. Blimkie, Grande Prairie.

FOR SALE—Young brood sows, due to farrow in April. Also two bull calves from exceptional Holstein cows. I. V. Macklin, Grande Prairie.

FOR SALE—Pair black home-knitted mittens and pair brown striped mittens. Finder please leave at 448 Main St.

FOR SALE—Well matured cow, 4 years old. One and one-half miles from Dimsdale. Phone 8107. W. C. Dimsdale.

FOR SALE—Young milk cows, just fresh, good milkers. V. C. Flint, Beaver Lodge.

LAND FOR SALE—Owing to serious ill health, sacrificing quarter section, 200 acres, 1000 ft. wide, 100 ft. deep, in north; 120 acres rich arable land; 30 acres ready for crop; light popularly used water; fenced, two miles from store, post office and blacksmith shop; nine miles from two sets elevators. West of the lake; good roads. Second prize for Northern Alberta for alfalfa, ditto corn, tobacco grain, etc. \$4000 cash. \$600 option holds for one month. Clear title. Particulars, Owner, J. C. Maclean, Dimsdale.

NOTICE

NOTICE is hereby given that the School Board of the Cornwall School District No. 120, will sell at public auction on Saturday, March 4th at 2:30 p.m. approximately 1000 acres on the N. W. 1/4 of Sec. 18-20-25-1, land assessed to Lewis L. Hironaka, deceased, last P. O. address, Calais, Alberta.

Proceeds from such sale will go to satisfy arrears of school taxes and such other debts as may be incurred.

DATED at Crooked Creek, Alberta, this 16th day of February, 1939.

GEO. Secretary-Treasurer, Cornwall School District No. 120.

NOTICE TO CREDITORS AND CLAIMANTS

In the Estate of John T. Keyser, late of North-West, deceased, vari, one of the United States of America, Gentleman, Deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named John T. Keyser, who died on or about the 25th day of April, A.D. 1938, are requested to file with THE CANADIAN PERMANENT TRUST COMPANY,
